

# AN APPLE A DAY KEEPS THE POUNDS AWAY!

City Electric Supply Branch Manager, Aaron Loughran has committed to shedding weight for a healthier lifestyle. To hold himself accountable, Aaron is working with City Electric Supply to track, monitor and encourage his weigh-loss journey.

His goal is to drop 75lbs within a year!

CES will make a contribution to Make-A-Wish® on his behalf when Aaron reaches his goal. City Electric Supply will match one dollar plus per pound lost, but we also need help from his family and friends to encourage Aaron. This means we need you to help support by donating on our CES Cares Campaign page at <https://makeawishca.donordrive.com/event/PlatinumSponsorCESCares>.

[Subject/Event: Aaron Loughran]

All proceeds will go to granting wishes for children with life-threatening medical conditions and illnesses.
